Docket No. 98N-1265 7942 '99 MAY 26 P1 33
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have an HMO, and the only pharmacy
which carries the "Natural" hormone replacement
is across the state line. This is the only pharmacy
which carries what I need which my insurance
will cover. Please do not impose any more restrictions,
and which would only cause more difficulty for
the general public access to medical care
